

The Stage Is Set For Truth's *Encore.*

We opened with our Maxim Operator family and heard you cheering our quality and performance... Now it's time for our "Encore"... Our next outstanding performer in casement & awning hardware. The critics are raving about the lower profile, it's interchangeable cover and a folding handle that nearly disappears for cleaner aesthetics. You are invited to "Encore's" premier in our booth (#515) at the Win-Door Show this November.
