TwinLatch™

A Simple And Economical Solution
For Your Tilting Applications.

High-Strength Composite—

Provides Value And Beauty!

For Vinyl And Fiberglass Windows

Truth Hardware's TwinLatch™ is a new high-strength composite tilt latch for vinyl and fiberglass windows. North American designed and manufactured, this TwinLatch is competitively priced and is a window makers dream.

Simple Installation, Multiple Benefits

Truth's TwinLatches are simple to install and doesn't require any t-shaped routes as the window profile is being prepped for hardware installation. Unique push-down installation saves the window manufacturer time and they will realize how easy it is to snap the latches into the window's profile.

Priced Right

The TwinLatch is competitively priced and is an easy upgrade for the window manufacturer as it's a direct replacement for competitive models. Truth has built a strong reputation of providing quality locks and lifts to the slide window market and now has taken that same energy and dedication to the tilt latch product line.

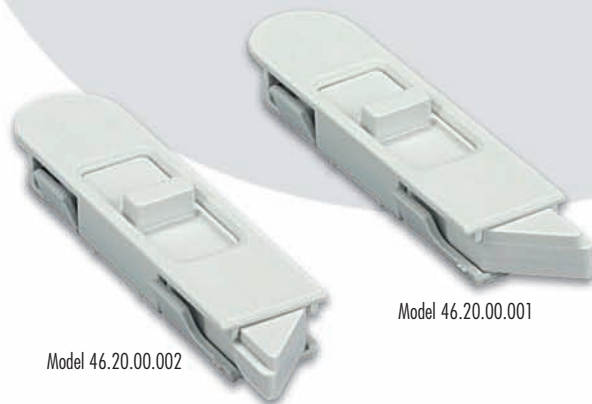

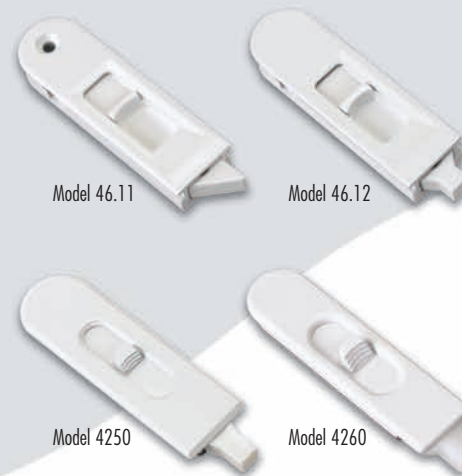

TwinLatch™

Unique push-down installation easily snaps into the window's profile.

Additional Tilt Latch Styles

Truth Hardware also has a number of other high quality tilt latches engineered with labor saving and design features to fit virtually every existing window profile in today's marketplace. From Truth's 46.13 impact tilt latch designed to help window manufacturers pass impact testing, to Truth's 46.11/12 and 4250 and 4260 models—these tilt latches provide dependable operation with secure methods for installation.

Warranty: Protected under the terms of the Truth Warranty for Window & Door Manufacturers and Authorized Distributors. Refer to Truth's Terms and Conditions for further details.
