

Fusion™ System

For Vinyl Windows

Give your customers
the innovation they deserve.

Just when you thought double-hung window hardware couldn't be improved!

The Fusion™ lock from Truth has moved double-hung hardware from ordinary to exceptional!

- Latches are hidden into check rail—cleans up look of check rail
- Lock and tilt latch release are actuated by one mechanism—allows you the option of using either single or multiple locks on the window
- Adjustable for any size window—connecting strap is cut to desired length after hardware is installed
- Non-handed latches—less inventory
- Easy, intuitive one-handed operation
- Housing assembly is separate from base—increases inventory efficiencies by only having to inventory the housing in different colors or finishes not the entire locking system
- Pick resistant plate—increases security
- Stylish, fastenerless housing—makes it easy to install—**even after shipping window!**

Sash tilt-in is *easy!*

1. Move lever to unlock position
2. Lift sash to clear frame
3. Move lever to the tilt position
4. Pull sash in to wash
5. To close, firmly push the sash shut

Locked position

Unlocked position

Lever position for retracting the
tilt latches

From the number one name in window hardware innovation.
